

WE HIRE FOR A "GOOD HEART"

***We Hire for a Good Heart...
If you have a Good Heart...
We can expand your Skills...***

You see, Perry Memorial Hospital has a hospital educator who can teach skills — But you are in charge of your personal behavior and we want PMH Team Members who can “live” the CARE VALUES of our organization:

CARE VALUES

C-Care with COMPASSION

A-Always displaying a POSITIVE ATTITUDE

R-Remembering to be both RELIABLE AND RESPECTFUL to our internal and external customers

E-Exemplifying strong ETHICAL values at all times

Having a “Good Heart” is being someone who is willing to make a commitment to live our CARE VALUES. If you feel you can have a “Good Heart” and support these VALUES, we will gladly extend an “Offer of Employment” to you. However, if you do not feel you can live our CARE VALUES, please accept our appreciation for the time you have spent interviewing for a job on our team.
