

Perry Memorial Hospital Welcomes Dr. Timothy D. Thomas, DPM

May 12, 2008

For Immediate Release:

(Perry, OK)- Perry Memorial Hospital is a hospital of, ‘Caring People ...Caring for People.’ In keeping with that concept this May 13th Perry Memorial Hospital will welcome a new doctor. Timothy D. Thomas, DPM, will join Perry Memorial Specialty Clinic.

Dr. Thomas has extensive experience in a wide range of foot and ankle care from pediatrics to adults, including surgical and non-surgical treatments. His area of expertise and services include: bunions and corns, ingrown nails, hammertoes, heel pain and spurs, neuromas, fractures and sprains, sports injuries, ankle pain and injuries, diabetic foot care, endoscopic surgery, shockwave treatment for heel pain, and flat feet.

Dr. Thomas completed his education at Ohio College of Podiatric Medicine. He did his residency in Cleveland, Ohio with Cleveland Clinic Foundation and in Oklahoma City, Oklahoma with the Surgical Hospital of Oklahoma.

Dr. Thomas will conduct two clinics a month at the Perry Specialty Clinic. To make an appointment please call (580) 336-5577.
