

### **PMH Recognizes Velma Lindsey and Local OBI Donors**

Perry Memorial Hospital would like to thank Velma Lindsey for her past 12 years of volunteering with the Oklahoma Blood Institute. Velma is one of 800 statewide OBI volunteers who enjoy working with Oklahoma's blood donors. Velma has provided donors with excellent customer service by directing donors through the donating process from signing in to the canteen area. She also explains and tracks the current promotions.

Velma is one of my favorite volunteers, stated Ramona Phillips, Volunteer Coordinator for the NW Oklahoma Blood Institute. Ms Phillips also noted that Velma always helps by going the extra mile to make our donors feel appreciated. Velma came on board as a OBI volunteer in Nov. 1998 and has given over 400 volunteer hours to OBI.

Visitors to the hospital Gift Shop may also know Velma from the PMH Auxiliary Gift Shop. Velma became a PMH Auxiliary member February 22, 1994 and has served on numerous Auxiliary committees, Assistant Gift Shop Manager and now serves as the Gift Shop Manager.

Perry Memorial would also like to thank the 60-area donors who showed their support by participating at our last blood drive, June 16, 2009. Donating to the Perry Memorial Hospital Blood Drive is a great way for you to volunteer to the needs of others. PMH would like to remind you to mark you calendars for their next blood drive scheduled for Tuesday, Sept. 8, 2009.
